INDEX TO ILLUSTRATIONS IN VOLUME XXV.

		PAGE
Johne's Disease—		
Plate I.	*to face*	275
Trypanosoma Ingens—		
Plate II.	,,	285
Nodular Intestinal Disease of Cattle—		
Fig. 1.		16
Fig. 2.		17
Fig. 3.		18
Fig. 4.		19
Fig. 5.		20
A Peculiar Type of Adenoma—		
Fig. 1.		46
Fig. 2.		47
Figs. 3 and 4.		48
Fig. 5.		49
Fig. 6.		50
Equine Trypanosomiasis in Egypt—		
Fig. 1.		94
Fig. 2.		96
Fig. 3.		98
Fig. 4.		100
Fig. 5.		102
Fig. 6.		103
Fig. 7.		104
Fig. 8.		105
Fig. 9.		106
Some Entozoa of Indian Elephants		112
Gastrodisc from Biliary Duct of an Indian Zebu		114
Fracture of the Radius		143
Johne's Disease—		
Fig. 1. Diseased heifer		220
Fig. 2. Small intestine of same		221
Fig. 3. Small intestine of cow		228
Fig. 4. Small intestine of bullock		230
Fig. 5. Cæcum of bullock		231
Fig. 6. Colon of bullock		232
Fig. 7. Diseased cow		236
Fig. 8. Diseased heifer		238
Fig. 9. Diseased cow		243
Fig. 10. Small intestine of cow		249
Fig. 11. Diseased heifer		253

Johne's Disease (*continued*)—
Fig. 12. Large intestine of ewe 259
Fig. 13. Small intestine of ewe 260
Fig. 14. Primary and subcultures of the bacilli . . 266
Fig. 15. Primary culture of the bacilli 267
Fig. 16. Primary culture of the bacilli 268
Fig. 17. Subcultures of the bacilli 269
Fig. 18. Subcultures of the bacilli 270
Fig. 19. Subcultures of the bacilli 271
Fig. 20. Microphotograph of separate colonies of the bacilli . 272
Fig. 21. Surface growth of the bacilli on a liquid medium . 273
Trypanosome of Cattle 295
Human Trypanosomiasis—
Fig. 1. 303
Fig. 2. 304
Fig. 3. 305
Fig. 4. 306
Fig. 5. 307
Fig. 6. 308
A Large Ox Spleen 324
A Congenital Defect in the Ventricular Septum of Heart of a Lamb 325
